SHODESH SHIPPING LINE

ISO 9001:2015 CERTIFIED

INTRODUCTION

Shodesh Shipping & Logistic Company started its journey as a Freight forwarding agent as a sister concern of "SHODESH GROUP" with a view to provide quality services that exceeds the expectations of one esteemed customer.

As a part of a diversified conglomerate with Shipping Agency as its core activity, we have developed ourselves as a one stop for quality shipping, Freight Forwarding, Custom clearance, Cargo handling, Offshore supply Services, Logistics & Warehousing Services, and so on, whether by Sea, Air or Land. We take all responsibilities between the task of the buyers (Consign) and sellers (Shippers).

Our main strength is handling Project cargos, Over Weight cargos, Oversized cargos, DDP, DDU. And we have our own Transport company, Shipping line company to deal vessel in Chittagong, Own 3 BIG warehouses in Chittagong and Dhaka to store heavy cargos and oversized cargo, we have our own Trading company as well. When we handle a Project then we provide every solution to client including the Documentation and Government permission for temporary and Permanent import cargos and also reexport after Project accomplish because we know that such documentation and permission is a very big barrier for handling a project and we have very good relations with such government officers to make the all permission as soon as possible. Also, we have contract with Barge owners and Lighter owner with Tugboat which need to carry by sea and river transport. So, moral of the story is we have each and every solution to handle a project in Bangladesh.

Recognizing the distinct needs of different kinds of vessels, we have created teams of specialists for the cargo operations. We are committed to provide our clients with reliable, flexible solutions based on expertise gained from over 30 years. For our highly skilled and professional staffs, there is no cargo challenge that cannot be met. Our excellent relation with the Port, Customs & Terminal authorities ensure a quick and efficient vessel turnaround. Our customers enjoy the peace of mind that comes from working with a company that offers proven shipping solutions, including out-of-gauge cargo, perishable goods, industrial goods, chemicals or hazardous cargo.

PROJECT AND SPECIALIZED CARGO

We are specialized mostly in project handling from door to door. Our project team provides specialized cargo transportation services to shippers of heavy and over dimensional equipment. This is often heavy machinery, vehicles, engineering and mining equipment of all shapes a size.

Project cargo specialists located within our global network encompass the needed experience and capabilities for heavy lift, oversized break-bulk shipments or other logistical challenges that are encountered when dealing within the project execution arena.

- *Full project team*
- *On site consultations*
- *Complete project overview*
- *Turn key operation*
- *No project too big*
- *Barge Service to transport cargos by river.*

The complex nature of sourcing effective solutions for oversized or specialist cargo require innovative thinking which is sometimes outside of the square. Early projection of costs by tailoring a customized transportation plan is one of the values adds of the project.

Local delivery through own covered vehicles:

We deliver stuffs locally through our own covered vehicles rather using the traditional third party vehicles services which ensure best in class delivery and delivery on time and safe.

Ensuring fastest delivery of goods through best transporters across all regions:

We use best transporters to deliver our goods to the respective clients on time and safely. We don't like to compromise in your supply chain system which is the most important phase in this business.

CUSTOM CLEARANCE

An effective and prompt clearance of international cargos is critical to the success of any C&F agents. In Bangladesh, this is the most important sector which works as a barrier for the import business. "Rusani Enterprise" is also a Sister Concern of "Shodesh Group", has the knowledge and experience of 31 years with the customs authority to effect earliest possible release of cargo. Empowered by the license of Bangladesh Customs Authority since 1986 for expedited air, sea, and surface customs clearance Rusani Enterprise is operating in all the major customs port of the country. We provide services in Chittagong port, Dhaka Airport, Benapole, ICD Kamalapur, DEPZ, Mongla port, Pangaon and so on. Based on the decision of the company to diversify our business, we have our branches in Dhaka & Benapole.

RUSANI handles every aspect of gateway clearance and delivery for you, communicating with customs officials and offering you the most appropriate distribution options. We compile accurate declarations and we pay duties and taxes on your behalf. We offer a range of added value services to assist with processing and distribution of your goods.

The Customs facility can be summarized as:

- *Licensed customs brokers*
- *Import and export specialists*
- *Assist to avoid additional costs and delays to the customers*
- *Classification and Value Assistance*
- *Duty Drawback assessment and filing*
- *Import and Compliance consulting*
- *Export documentation*

From RUSANI you can expect:

- *Access to specialists and agents 24 hours a day, 7 days a week*
- *Guidance, so your customs submissions can be promptly processed*
- *Warehousing, break-bulk, onward shipment, pick and pack and fulfillment services.*
- *A range of payment plans, via shipper or recipients*
- *Standard services and bespoke options to suit individual requirements*

WAREHOUSING AND DISTRIBUTION

Modern Warehousing System:

In this battle for efficiency and profitability, the warehouse has taken center stage. Companies are recognizing that what happens in the warehouse can make a big difference to the supply chain and to their bottom line. They are also starting to acknowledge that some of the biggest productivity gains are potentially within the walls of the warehouse. The warehouse is viewed today as much more than a storage facility.

We maintain warehouses and can quickly access warehouse space worldwide. In addition, our wide range of public warehousing and distribution services include:

- *Inventory Management – a customized service which enables us to manage and track inventory based on your specifications*
- *Repacking and Relabeling – we can repack split shipments, label boxes according to your requirements, and repalletize shipments to save on freight costs*
- *Cargo Consolidation – combines or distributes cargo involving multiple delivery or procurement points*
- *Shipment Preparation – includes complete packing, documentation, and other steps required to prepare your cargo for shipment*
- *Consolidated Freight Station / Bonded Warehouse – can temporarily store anything that hasn't passed through customs*
